## **What's the Purpose of This Report?**

This is the 33rd year that a report of this nature has been compiled and published. The report was begun in 1986 by Harvey Mudd, was taken on by Phil Davis in the early 1990s, and then was passed on to Norm Saunders with the 2001 List Report. After Norm's decade or so of service, Russ Ruffing assumed the reins beginning with the 2011 Report and continued through the 2015 Report. There was no report for 2016 and 2017, then Dave Powell produced the 2018 Report. After another open year in 2019, Russ Ruffing produced the 2020 issue and continues with this report.

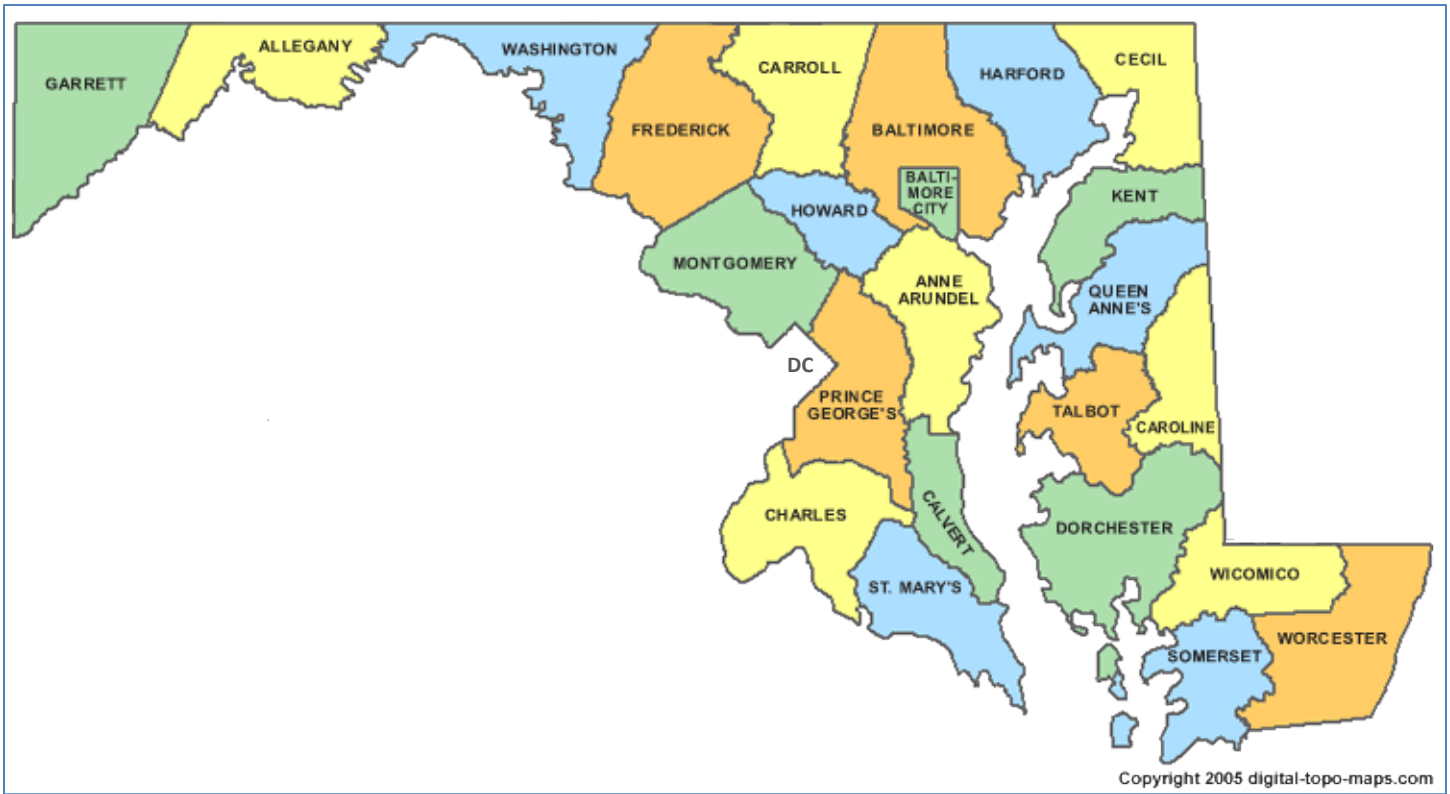

This year's report follows the same basic format that Russ began in 2011 minus the written summaries of individual counties and the District of Columbia as in past years. It includes all of the current Big Day data that is available/known for statewide, county, and major region Big Days.

## **Acknowledgements**

As in previous years, I want to make special mention of Joe Hanfman for providing updates to each county's list throughout the year.

## **What Area Is Covered by This Report?**

This report covers all of Maryland's 23 counties plus the District of Columbia (hereafter, when referring to counties, it is inclusive of the District of Columbia). The following graphic shows all of the Maryland counties plus the District. The second graphic shows the demarcation line (for the purposes of this report) between Maryland's Eastern and Western Shores - the C & D Canal in Cecil County. In Maryland, the C & D Canal begins at the MD/DE state line, continues due west through Chesapeake City, and connects with the Elk River. From there, the line of demarcation is the center line of the Elk River as it flows southwest until it adjoins the Chesapeake Bay. Everything north of the Elk River in Cecil County is considered Western Shore, such as Piney Creek Cove, Turkey Point, and Elk Neck State Park; everything south of the Elk River in Cecil County is considered Eastern Shore, such as Herring Island, Hollywood Beach, Veasey Cove, and Cabin John Creek.

## Comments on the Lists

The number (65) of participants increased a little from last year but is still far off the highs achieved between 2010 and 2015.

The current maximum number of species reported for each locality is shown at the top of the respective life list tables. Joe Hanfman does a wonderful job of tracking and compiling the county lists every year, and readers will note some changes in each locality thanks to his due diligence in keeping these numbers up to date year over year.

**Life Lists** are indicated by the last year that they were updated/submitted. Only Life Lists that fall into one of the three following categories are published:

1. Those of active Maryland/DC birders that updated their totals for 2021.
2. Those of deceased birders if their totals are known (note, some may not be exact).
3. Those that are near the top in a particular category regardless of when they were last updated.

The top Yard Life Lists are also published regardless of when updated due to the fact that a Yard List may no longer be updated if one has moved from that location but is still worthy of publishing.

**All Year Lists** are indicated by the year in which the total was achieved. **Green font indicates those that are 2021 Year Lists.**

**Order of Counties** – The order that county lists appear in this report is arranged by geography, beginning with Garrett County in western Maryland and proceeding east and south to Worcester County on the Eastern Shore.

### LISTING

Only six birders reported 300 or more species to this report in Maryland for 2021, led by Jim Stasz's 329 which ranks 17th all time. Mark Hoffman remains in sole possession of first place in the State Life List category, presently with a five-bird lead over Jim Stasz. Fifteen birders are now in the "400 Club" for the state with seven more within five species of that mark.

In total county ticks, three birders now stand above the 6,000 barrier as Joe Hanfman joined Jim Stasz and John Hubbell in 2021.

In month listing, Jim Stasz's updated numbers put him atop the total Month Ticks and each individual Month in the Life category. Tim Carney set a new November year record by two birds with a tally of 173. Aaron Graham tied Tim's April record of 207, and Tim tied his own September record of 206. Tim also broke his own record for Month Closeouts in a given year by one with 58 species. Jared Fisher broke Dave Czaplak's long-standing Montgomery County Year record by six birds with a whopping 248 species. Not to be outdone, Daniel Irons destroyed Sean McCandless' Cecil County Year record by FIFTEEN birds with a total of 240, and Mikey Lutmerding beat his own Calvert County Year record by TWELVE birds, clocking in at 255. New Yard Year records were set in Calvert (Mikey Lutmerding, 159), Montgomery (Robin Skinner, 139), and in the District (Scott Stafford, 102).

In Date (or "Day") Ticks, seven birders have reported in excess of 30,000 ticks, but it is very likely that many more birders would exceed that number if they cared to run the macro that easily produces that data.

## Bird of the Year

59 birders participated in the 2021 Bird of the Year vote. There were 12 records that birders could vote for, and they were required to select their top five for the year from that list.

Despite there being FIVE new state records in Maryland and ONE new District record, the undisputed winner of Bird of the Year in 2021 was Maryland's 1<sup>st</sup> record of Kirtland's Warbler, and it wasn't even close. All five new MD records finished in the top five, while DC's 1<sup>st</sup> Barnacle Goose finished sixth.

Each 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, and 5<sup>th</sup> place vote was assigned 5 points, 4 points, 3 points, 2 points, and 1 point, respectively.

Birders could vote on the following 12 records for 2021 Bird of the Year:

Maryland's 1st record of <b>Mottled Duck</b> (Montgomery County)
Maryland's 2nd record of <b>Black-chinned Hummingbird</b> (Calvert County)
Maryland's 3rd record of <b>Limpkin</b> (Washington County)
Maryland's 3rd record of <b>Northern Lapwing</b> (Queen Anne's County)
Maryland's 1st record of <b>Red-billed Tropicbird</b> (Worcester County)
Maryland's 1st record of <b>Little Egret</b> (Calvert/Anne Arundel Counties)
District of Columbia's 1st record of <b>Roseate Spoonbill</b>
Maryland's 1st Record of <b>Zone-tailed Hawk</b> (Baltimore County)
Maryland's 3rd record of <b>Tropical Kingbird</b> (Dorchester County)
Maryland's 5th record of <b>Fork-tailed Flycatcher</b> (Anne Arundel County)
Maryland's 1st record of <b>Kirtland's Warbler</b> (Baltimore County)
Maryland's 4th record of <b>Townsend's Warbler</b> (Baltimore County)

Here are the results of the Bird of the Year voting:

## Date Ticks (Maryland only)

This is the second year for this listing category. A Date Tick counts as one species seen on a particular calendar day of the year. Because (counting February 29 in a leap year) there are 366 days in a year, each species can provide a maximum total of 366 Date Ticks. For example, if over time you've seen an American Robin on every calendar day, that would give you 366 Date Ticks. Hopefully in future reporting years, more birders will participate in this fun listing game. With Jim Stasz's participation this year, there is a new leader in the clubhouse in this listing category.

## Washington County

Jim Stasz (254) extended his massive lead in the Life List category in 2021. For Year Lists, Hans Holbrook's all-time high of 205 from 2008 has stood the test of time and is the only Year List in excess of 200 ever reported for the county. The county did not get a lot of birding action in 2021, judging by the top Year List of 104 (Joe Hanfman). There are no Big Days in the database for Washington County.

## Carroll County

The irreplaceable Bob Ringler still leads the Life List category at 280 but that number is not likely to be accurate, as Bob had not updated his totals for this report in several years. Bob continues to hold the top Year List of 204 from 1995 and he topped 200 four different times. Kris Phillips reported the highest 2021 total of 126. There are no Big Days in the database for Carroll County.

## Howard County

Jo Solem remains comfortable atop the Life List category, having added one bird – Western Tanager – to her Life List in 2021. Recent Year Lists haven't approached the big 2012 totals of 231, although Russ Ruffing's 220 was decent in 2021. The county's eight-year-old Big Day record of 122 was blown out of the water with a whopping 129 species on May 10<sup>th</sup>, and the April, August, and November records were also broken. Russ Ruffing and Kristin Trouton were on all four teams; they were joined by Gregg Petersen and Steve Luke on the May attempt, and John Harris on the other three attempts. See links below for lists of species and writeups.

## Montgomery County

Dave Czaplak's Life List remains comfortably ahead of all challengers, but Jared Fisher took down Dave's nine-year-old-record Year List with an impressive total of 248! There were several other excellent Year Lists in the county as well in 2021. There are two Big Days in the database for Montgomery County, an August foray by Rob and Mike Ostrowski in which they tallied 106 species, and an early May 2015 attempt by Max Wilson and Kari Cohen in which they tallied 104 species.

## Baltimore County

Listing Kevin Graff's 338 sits atop the Life List category, but Tim Carney's 269 certainly warrants mention as a great Year List in 2021. There is finally a Big Day record for Baltimore County, an attempt on May 14<sup>th</sup> by Tim Carney, Claire Wayner, Kojo Baidoo, and Nico Sarbanes that netted a very respectable 133 species! Baltimore birders, you now have a target to chase! See list and writeup at the link below.

## Cecil County

Sean McCandless' out of date Life List total (last updated in 2014) was bumped to second place by Jim Stasz in 2021, and Daniel Irons absolutely crushed Sean's best Year List with a stupendous total of 240. This county typically gets very little participation in the Annual Report year after year, so it is nice to see Daniel break the Year List record. There are four Big Days in the database for Cecil County, all in May, with the highest of 136 from 1998 (Marcia Watson, Leslie Fisher).

## Harford County

Matt Hafner continues to lead in the Life List category with 310, and Rick Blom's astounding 1999 Year List of 255 may never be broken even though Josh Emm gave it quite a try in 2016 with his 253 total. The highest total reported in 2021 was Dennis Kirkwood's 196. There is one Big Day in the database for Harford County, a May attempt by Matt Hafner, Jim Stasz, and Dave Webb totaling 138 species.

## Anne Arundel County

Jim Stasz added two species to his cozy lead in the Life List category, while Fred Shaffer turned in a respectable Year List total of 227, even though it's a long way up to Stan Arnold's record year of 260 in 2011. The county has one Big Day in the database, on 5/10/20 by Sam Miller and Jeff Shenot, who tallied a very respectable 143 species.

## Prince George's County

Fred Shaffer stands atop the county's Life List leaderboard at 293, as he added two species to his list in 2021. John Gregoire's now 37-year-old Year List record is a whopping 243! Kevin Bennett was the only birder to report over 200 species for 2020.

There are four May Big Days in the database for Prince George's County, with a new record set on May 9, 2021 by Kevin Bennett and Menachem Goldstein. See link below for their eBird trip report.

## Calvert County

Jim Stasz's Life List total in his home county is 323, 26 more than the next birder, Mikey Lutmerding...but Mikey absolutely dusted his own Year List record of 243 with a monstrous total of 255 birds in 2021! There are seven May Big Days in the database for Calvert County; five were run by the team of Jim Stasz and Ed Boyd, with a high of 154 on May 9, 1992.

## Charles County

George Jett's top Life List total of 278 remained unchanged in 2021, and it may stay that way a while since George is no longer a county resident. No substantial year totals were submitted in 2021, but Joe Hanfman led the way with 95. There are eight Big Days in the database for Charles County, all including George Jett as one of the team members. The highest (140) was from May 2008 (Jett, Matt Hafner, Gwen Brewer, and Jim Stasz).

## St. Mary's County

Patty Craig's 326 Life List, though quite outdated, is still comfortably in the lead for St. Mary's County, but Tyler Bell is creeping up as both he and Jane Kostenko added two birds to their totals in 2021. Joe Hanfman reported the highest Year List for 2021 with 137. There are four May Big Day's in the database for St. Mary's, the tops being 144 in 2008 by Kyle Rambo, Patty Craig, and Marty Cribb. There is also one Big Day, a February record of 85, in the database (Matt Anthony, Josh Emm).

## Talbot County

Henry Armistead's and Les Roslund's impressive 295 Life Lists are still tops but Les' tally is a bit outdated. In the Year List category, per Les, Vince DeSanctis set the all-time single year record in 2013 with 241 species. However, this record was not submitted or verified by Vince and therefore does not appear in the table below. Tim Carney had the most birds in 2021, with 185 species. There is one Big Day in the database for Talbot County, a solo effort of 110 by Dave Palmer in May 2012.

## Dorchester County

Henry Armistead's top life list increased by one to 312 in 2021, and Henry also holds most of the top 25 Year Lists, including the all-time best of 244 from 1967! That Year List number may never be approached again. The highest 2021 list was Aaron Graham's respectable 168. There is one Big Day record for the county, a March 2011 effort of 113 by Jim Green, Bill Hubick, Mike Ostrowski, and Rob Ostrowski.

## Worcester County

Mark Hoffman's 370 leads in the Life List category for Worcester, and there hasn't been much change in recent years in the totals near the top of the Life List. Mark's 303 Year List total from 1994 still remains the only one on record that exceeded the 300-species mark in any county. Marcia Balestri's 250 was tops in 2021. There are three Big Days in the database for Worcester County – one in May (Hafner, Hubick, Brighton, and Lutmerding) which recorded 158 species, one in January (Tim Carney, 75 species), and one in April (Tim Carney, Jared Fisher, and Ryan Johnson), on which they tallied 147 species.

## Big Day Records

New Big Day records added since the last report are shown in **green font**. 214 is the all-time high Big Day for Maryland, an effort by Marshall Illiff, Matt Hafner, Jim Stasz, and Andrew Farnsworth on 5/22/2002. Only six official plus two unofficial “noon-to-noon” Big Days (shown in **red font** on next page) have totaled 200+ species.

I was not able to determine the participants of the three Maryland Big Day records shown in red font (June, September, and November). See the county pages for discussions of Big Day records for each county.

Nine counties still have NO Big Days on record, including the five western counties plus Kent, Caroline, Somerset, and Wicomico. By the time you read this, you will still have time to plan for spring, summer, and fall Big Days in 2022. Get out there and give it a shot!

## District of Columbia

Dave Czaplak increased his DC Life List total to 309 in 2021, eight clear of Paul Pisano's next-highest total but the gap has been closing in recent years. Dave's 240 Year List from 1983 still leads in the Year List category.

The DC Big Day record is a solid 134, achieved on 5/6/1989 by D. Czaplak, G. Gough, O. Janni, and M. Jennison. Thanks to a team usually led by D. Czaplak for most of the 1980's, there are more DC Big Days in the database than any Maryland county.
